You think
Im so full of it , full of it
But I think Im just fed up baby
You think I can be so arrogant, Arrogant
But Im just tryna get keep my head up Baby
You think Im procrastinating baby
But I think Im taking my time
You think you need to leave
But I think I disagree but

If you believe youll do best without me
Ill let it go girl, Its over
But before we say good bye
Lets give it a try
If you leave, then baby Ill leave
Ill let it go girl, Its over
But I have no doubt
We can work it out

Yeah
I think your so full of it, full of it
You just dont know when to let up, Baby
I think youre so arrogant, arrogant
But you think youre so much better baby
That I think It aint dealt before me to judge you by your
flaws & thats why
No I could criticize , but I put that aside
To focus on you & I

If you believe youll do best without me
Then Ill let it go boy, Its over
But before we say goodbye
Lets give it a try
If you leave, then baby Ill leave
Ill let it go boy, its over
But I have no doubt
We can work it out
Yeah

Now if you wanna go
Baby then Ill let you go

& even though Im tryna hold on
I cant let you go
dapslyrics.com
& if youre gonna leave me, youre gonna miss me
& Im not saying that Ill be here waiting

Since we here right now (instead of just walking out)
Lets work to reach the point that I know we can be ?

But if you believe, Youll do best without me
Then I guess Ill let you go
Its over (its over)
If you wanna say goodbye
Lets give it a try
If you leave, then baby Ill leave
Ill Let it go, its over
I have no doubt
That we can work it out

If you believe, youll do best without me
Ill let it go girl, its over
Before we say goodbye
Lets give it a try
If you leave, then baby Ill leave
