Rewind

Let's journey back to the times
When that lady she was mine
How we just sit and stare and sigh

And she, she whispered soft to me
Baby, you're my valentine
Cupid can run but he can't hide
At night, I ask myself why I treat her so badly

So badly she flyin', went south for the winter
The note shattered in her
She's sitting pretty with some other guy

Now I find you saw the best in me
When I was blind
Now I see, you are the best for me
The best for me

Friday and I think I'm fine
Singing for my valentine
Honey child of mine

You say I'm waiting for fall
While I'm just unconditional
Saying you can have it all

So how am I here again?
Always out with other men
Now you're just my friend

Let me look out for ya then
'Cause I'm not waiting
For you to say you will

Now I find you saw the best in me
When I was blind
Now I see, you are the best for me
The best for me

You saw the best for me
And I never realized

But I was blind, I was blind
I was blind, I was blind

You saw the best for me
But I never realized
'Cause I was blind

Now I find you saw the best in me
When I was blind
Now I see, you are the best for me
The best for me

Now I find you saw the best in me
When I was blind
Now I see, you are the best for me
The best for me

Now I find you saw the best in me
When I was blind
Now I see, you are the best for me
The best for me
