Saw my fear in to the darkneses
Crying out there
What else in my faith
Me, my face
in to the love we go
and I would never say never

And my face will never get out
I'll never will reach for the sky
And told me what you felt when I'm alive?

'Cause my love will never go out
And my love will never go out
And my love will never go out
And my love will never go out

Caught in, in my little home
I don't give a damn
No, I don't give a damn

Caught in, in my little home
I don't give a damn
No, I don't give a damn

Saw my fear in to the darkneses
Crying out there
What else in my faith
Me, my face in to the love we go
and I would never say never

And my face will never get out
I'll never will reach for the sky
And told me what you felt when I'm alive

'Cause my love will never go out
And my love will never go out
And my love will never go out
And my love will never go out

Caught in, in my little home
I don't give a damn

No, I don't give a damn

Caught in, in my little home

I don't give a damn

No, I don't give a damn

My love will never go out â€¦
