Can't find the pieces of my broken heart
Can't see the light, I'm fading into dark
I fake the hurt I go through everyday
Like I'm OK, like I'm OK

Every moment since you left,
I swear my world stopped turning
Every picture in my heart of you
Just keeps on burning...

I haven't cried a single tear whole year
I don't remember, is this September?
Haven't cried a single tear whole year
I gotta confess though, feels like disaster
The things will never be the same
And all the hurt it still remains
I haven't cried a single tear whole year
Become the master of million fears
Ain't cried a single tear...
Ain't cried a single tear...
Ain't cried a single tear...
Ain't cried a single tear...

Living without you
Don't know where to start
Can't find the will to stonily fall apart
Living in a lie I tell myself everyday
I'll be OK, I'll be OK

Lost in loneliness
Can't find my way
I keep on stalling
In the emptiness i swear
That I still keep you calling...

I haven't cried a single tear whole year
I don't remember, is this September?
Haven't cried a single tear whole year
I gotta confess though, feels like disaster
The things will never be the same
And all the hurt it still remains
I haven't cried a single tear whole year
Become the master of million fears
Ain't cried a single tear...
Ain't cried a single tear...
