Everything I do is just to make you proud  
I'm hoping you can hear this so I sing it loud, yeah  
I'm worried about you and you don't need protection  
But I feel like I'm the weapon in your holster  
If you need, I'll come and get you  
... to be your chauffeur  
No signal, low bat, smiley face, wink wink, baby text  
back

Coke on ice, woo! Up all night  
Baby once who's been, in case you want some of my  
colt  
PJ's on, meet me face on  
Bidding for your love, get my eBay on  
Breakfast in bed, rum c'atron  
Like your eggs over easy, streaky ba-con ...  
Toast, you can share a piece of mine  
'Cause as long as you're here, I got peace of mind

Tyler James:

I worry about you babe  
When your phone's not on  
I come by and you're not home  
Worry about you baby  
I worry about you

Worry about you babe  
When it's late at night  
You come back and looking fresh from a fight  
Worry about you baby  
I worry about you

I ain't sleeping at night  
And I ain't eating quite right  
I just worry about you

Tell me what I'm supposed to say  
'Bout you throw your love away  
Worry about you baby  
I worry about you  
Tell me what I'm supposed to do

Expect me to go down with you  
Worry about you baby  
I worry about you

I worry about you baby  
When you're right you're wrong  
Rollercoasters to go  
Worry about you baby  
Worry about you

Worry about you babe  
'Cause the world you're in  
I solely say we fit in  
I worry about you baby  
I worry about you

'Cause we ain't sleeping at night  
We ain't eating quite right  
I just worry about you

Tell me what I'm supposed to say  
'Bout you throw your love away  
Worry about you baby  
I worry about you  
Tell me what I'm supposed to do  
Expect me to go down with you  
Worry about you baby  
I worry about you

I ain't sleeping at night  
And I ain't eating quite right  
I just worry about you

Kano:

Yeah, so let me be the friend  
That might piss you off but there's a means to an end  
I could rap about the AMG in the bands  
But there's some peeps ...  
Look, I'm a warrior, you're a warrior  
Out with the snits in disguise what's the ...  
Hold on pain, real love like coming one  
So white from away something special everybody  
wants

Tyler James:

Tell me what I'm supposed to say  
'Bout you throw your love away  
Worry about you baby  
I worry about you

Tell me what I'm supposed to do  
Expect me to go down with you  
I worry about you baby  
I worry about you
