Well I live and die
And I'm alive in every way
In time again
I see the light has gone away

I'm picking up
What's left behind from yesterday
And I'm standing on the road
That they could never take

And through all this chaos
I can sleep and drift at you
Well you may not think it
But I'm telling you its true

Ohh this only moment
I can see what I'm to do
I'll just write the only words
That mean the most to you
I'm telling you that

Oh, oh I need you
Oh, oh I'm in love with you
You're my sunlight
You're my sunlight

Well I live and die
And I'm alive in every way
In time again
I see the light has gone away
Oh this only moment
I can see what I'm to do
I'll just write the only words
That mean the most to you
And I'm telling you that

Oh, oh I need you
Oh, no I'm in love with you
I'm telling you that
Oh, no I need you
Oh, no, no, no

I'm so in love with you
You're my sunlight
You're my sunlight

You're my sunlight
That I hold in my heart
When it's two in the morning
When it's cold
When it's dark
You're my sunlight
