Can we rewind
Back to a time
When life stood still
And we thought we'd last forever more
Well now I stand alone

All you left me are memories
The endless nights we laughed out loud
At everything
Well all these things
Are broken dreams
And now I stand alone

Frame by frame
By name by name
By face by face
With talking pictures

History
I can't believe
I had it all
And I just watched it fade away
Well all these scenes
Are broken dreams
And now I stand alone

Frame by frame
By name by name
By face by face
With talking pictures

With talking pictures!
(talking pictures)

All these scenes are broken dreams
Love's not always what it seems

Frame by frame
By name by name
By face by face
With talking pictures

Frame by frame
By name by name
By face by face
With talking pictures

With talking pictures!
