Your happiness will return again  
Hard times must eventually end  
Do it now  
You've got nothing to lose  
Extend your love  
It comes back to you

It's your time, it's your thing  
Keep on livin' it, keep on givin' it

Aw baby, I seen what they done to you  
Seems lately you lost your point of view  
Things get crazy, then they want too much of you  
But love, baby, they could never take away from you

It's your time it's your thing  
Keep on livin' it, keep on givin' it  
It's your time, it's your thing  
Keep on livin' it, keep on givin' it

You always told me  
You gotta crawl before you walk  
Now your head's spinning  
Listening to fools talk  
I know you're itching waiting for the ball to drop  
But it's alright, it's alright, it's alright

It's your time, it's your thing  
It's your time, it's your thing  
It's your time, it's your thing  
Keep on livin' it keep on givin' it
