"Upside"

Visit "[Upside](#)" on MotoLyrics.com

Why am I so thirsty? I drank all night
Why I feel so dirty? Thought I came clean last night
I know I'm lazy when it comes to some things
But I'm on the job with this loving thing

Can't stop once I started
From the wine to the women it's true
But the upside to my problem
Is that I'll never stop loving you

Won't stop living till I die
Won't stop loving, don't see no reason why
Won't let my days just pass me by
I'd rather be loving you than sitting at home and crying

Can't stop once I started
From the wine to the women it's true
But the upside to my problem
Is that I'll never stop loving you

I may not finish everything I start
This I know is true
But I ain't no quitter when it comes
To loving you

Can't stop once I started
From the wine to the women it's true
But the upside to my problem
Is that I'll never stop loving you

You know, I'll never stop loving you
You know, I'll never stop loving you
You know, I'll never

Can't stop, no, I'll never stop loving you (x4)
