I know I ... aka the chain on my bike
... by the sounds of M-Phazes
Won't stop ... straight from Australia dropping that heat

Listen, I be, I be, I be on my shit again
And now you fuck with the original
But now it's even eloquent that ... mixing it
... you dying like cold minds with the...
ain't scary... better let go
That's so aussie slang I learned for shut the heck up
You don't have to love it but fuck it you gonna respect
us
M-Phazes, cold mind and DJ Premier, bang.
