Im, Im here to stay. Im, Im here to stay.
[x2]

[Verse 1:]

You been sayin this ain't workin out. You needa think
about if we should stay together,
plus the stormy weather. You think that im cheatin,
creepin, sneakin behind your back.
But that ain't true 'cause i love you. You should know
that i adore you. And i ain't goin nowhere,
boy im stayin right here.

[Chorus:]

I know you think that im not gonna stay, but baby you
will see that its ok.
You got me, it will be alright. 'cause imma stay by your
side. Don't worry if we have you crazy days.
And i be stayin mad for a couple day. But no one will
ever take your place. See baby i am here to stay.

[Verse 2:]

So tell me baby can you handle this? Do you believe in
this?
'cause all i wanna do is give it all to you. And nobody
else will ever do, the things you do.
So you can get back on it, done got your heart but,
truth be told they can't pull me apart from you.
So what do i gotta say or do?

[Chorus]

[Bridge:]

Now that you understand, let's make it last.
Im your woman, let's forget the past and start over a
new beginning.
Our happy ending, 'cause sugar ur my love [my love].

So now that you understand, let's make it last.
Im your woman, let's forget the past and start over a
new beginning.
Our happy ending, 'cause sugar ur my love [my love].

[Chorus x2]

No No No No.
Im here to stay, Im here to stay.
