I don't apologize, that i have compromised myself and
other guy
Its you I'm talkin' 'bout
I've been with him for years
but baby you uh, I must be crazy
I want you for my own
You've been with her so long
she never done you wrong and she's so nice to me
we should have never touched cause now we're in love
We must be crazy

[Chorus]

You got a girl, i got a man but i can't lie
I wanna leave him when i look into your eyes
you never thought that holding me would change your
life
I guess that just stands for two
wrongs can't make a right

Its something that i can't help

My heart wants someone else
Theres nothing that i can do
Never thought it would be you
you say your not afraid
I'll do the same to you
You must be crazy
Its to late to turn back now
I'm afraid we don't know how
baby keep your faith in me
I'll never let you down
Its funny how we both know theres no one else for us its
crazy

[Chorus 2x]

[Bridge 2x]

I been dreaming, baby you and I just leaving all the
things
behind we can make it in a __
baby pack our bags lets go
I just wanna be your girl

You and i against the world
