[Pre Chorus:]

What would make you I wanna know about all yall did and felt before?
Tell me what the hell you even got with me for?
Tell me what the hell you even got with me for?
No matter how you front it'll always show, that you aint never ever let her go.
Tell me what the hell you even got with me for?
Yo I'm out the door dont tell me dont go cuz

[Chorus:]

How can we work it out, when all I hear about's your ex girlfriend huh? (ex girlfriend huh)
Cuz if we so in love, why am I jealous of your ex girlfriend huh? (ex girlfriend huh)
