[Verse 1:]

Something something as simple as me hearing your  
name  
Puts me puts me in a place that I can't even explain  
I really didn't know back then  
But right now I'm totally sure  
Baby I know I'm your friend but I wanna be much more  
I get butterflies when I see you comin'  
Oh boy you got me runnin'  
This feelin' in my stomach tells me I should be your  
women  
Cause your the only one who makes my fairytell come  
true

[Chorus:]

How could someone make me so sad  
But still I only want them to stay  
I wanna say I love you so bad  
But I don't wanna scare you away  
Please I wish that you'll understand  
That I wanna be more than just your friend  
I wish you loved me

[Verse 2:]

I see I see you talkin to them girls on tha' phone  
I wish that I could tell them all to leave you alone  
Really didn't know back then  
But right now I'm totally sure that I wanna be much  
more  
I never really liked your girlfriends  
Never really gave them a chance  
Cause I realize that I'm your women

[Chorus]

[Hook:]

Said if you really love somebody  
I mean really really really really love somebody  
Let me hear you say yeh  
Let me hear you say yehhhhh  
If you really know you need em'  
And you know deep down your never gonna leave em'

Let me hear you say yehhhh  
Let me hear you say yehhhhhhhh

[Chorus x3]
