This is your  
Lul-Lul-Lul-Lul-Lul-Lul-Lul-Lullaby  
You're my baby  
And I sing this just to show your mine  
I'm a hold you til your  
Sleepin in the middle of the night  
(Lullaby)  
This is your  
Lul-Lul-Lul-Lul-Lul-Lul-Lul-la-bye

Closer than you think you are  
Always there inside my heart  
Miss you when your far away  
Like the stars in outerspace

And no one will ever come between us  
If you're the sun then baby I'm your venus  
Wanna be the one you always dream of

This is your  
Lul-Lul-Lul-Lul-Lul-Lul-Lul-Lullaby  
You're my baby  
And I sing this just to show your mine  
I'm a hold you til your  
Sleepin in the middle of the night  
(Lullaby)  
This is your  
Lul-Lul-Lul-Lul-Lul-Lul-Lullaby

When you're here inside my arms  
I feel safe from any harm  
You're like my comfort zone  
When you're here I'm so at home

And no one will ever come between us  
You're the one I always wanna be with  
Wanna be the love you always dream of

This is your  
Lul-Lul-Lul-Lul-Lul-Lul-Lul-Lullaby  
You're my baby  
And I sing this just to show your mine

I'm a hold you til your  
Sleepin in the middle of the night  
(Lullaby)  
This is your  
Lul-Lul-Lul-Lul-Lul-Lul-Lullaby

This is a song to show you I care  
To let you know I'll always be there  
This melody I give it to you  
Every word is true baby  
This is your lullabye

This is your  
Lul-Lul-Lul-Lul-Lul-Lul-Lullaby  
You're my baby  
And I sing this just to show your mine  
I'm a hold you til your  
Sleepin in the middle of the night  
(Lullaby)  
This is your  
Lul-Lul-Lul-Lul-Lul-Lul-Lullaby
