Lately things have been a little crazy
Flippin' out and buggin' on my baby
God only knows just what I would be
If I didn't have you here loving me

I wake up all hours of the night when you are away
Crack a smile every time that you're on my brain
Me without you, baby, just ain't right
So if I lose you, how will I survive

I know sometimes you feel
You're battling an army just to love me more
Trust me, baby, I'ma do you better
'Cause I can't lose the one thing
That holds me together, he's my core
Someone I can call on forever

'Cause I know I was so blessed to find you
I'ma show and prove, do my best to please you
Pull you together when you feel that you're about to fall
apart
Make up for the lovin' that I never gave before

You're the only thing that makes sense in my life
If we fight I'm gonna make it all right
You should know that I'm in love with you, ain't ever
gonna leave
Don't want no one else but you 'cause you're my
everything

I know I say it often but baby, I'ma change it
I've sewn it up, yeah, I'm done you have been so
patient
I'ma show you that you are my world
Actions do speak louder than words

So here I go, baby, ready to show you, baby
You're all I want and need, you're all I know, baby
Did you know you hold the key to my future?
Can't live without you knowing what it's like to love you
I know sometimes you feel
You're battling an army just to love me more

Trust me baby, I'ma do you better
'Cause I can't lose the one thing
That holds me together, he's my core
Someone I can call on forever

'Cause I know I was so blessed to find you
I'ma show and prove, do my best to please you
Pull you together when you feel that you're about to fall
apart
Make up for the lovin' that I never gave before

You're the only thing that makes sense in my life
If we fight I'm gonna make it all right
You should know that I'm in love with you, ain't ever
gonna leave
Don't want no one else but you 'cause you're my
everything

I will do whatever it takes just to keep you in my life
I'll walk about a thousand miles just to be right by your
side
So here I go, baby, ready to show you, baby
You're all I want and need, you're all I know, baby
See I'ma do things right this time, for you I was gonna
do right

'Cause I know I was so blessed to find you
I'ma show and prove, do my best to please you
Pull you together when you feel that you're about to fall
apart
Make up for the lovin' that I never gave before

You're the only thing that makes sense in my life
If we fight I'm gonna make it all right
You should know that I'm in love with you, ain't ever
gonna leave
Don't want no one else but you 'cause you're my
everything
