I like them young but push the caddy type, not the kind
that daddy like
Iced out with the crispy white tee, ooh wee
It was the perfect scenario, leo and a scorpio that
meant that he was freaky like me,
Ooh wee...
Fell victim to the chemistry, went way to far to let it be
Don't want him to think I'm a tease, ooh wee
It ain't going nowhere, can you wait for this... ooh wee

He made me feel this feelin' of tinglin' in my spine, I
never eva felt before
Don't know why I'm wantin' more
The way he's touchin me, how did he know my fantasy
All I could think about, this fire we desire now
Am I too young to feel this way? Old enough to feel this
way?
Don't want him to think I'm a tease, ooh wee
It ain't going nowhere, can you wait for this... ooh wee

[Hook:]

Ain't it hard to say no, let's take it slow... when you get
close to the one you love
Ain't it hard to say no, when your all alone... that's when
you get close to the one you love
Ain't it hard to say no, don't lose control... when you get
close to the one love
It ain't going nowhere, can you wait for this... ooh wee

He like that young and tenderoni type... trophy piece up
on his bike
Wifey with the bubble booty, ooh wee
Made a promise not to violate, said that I was worth the
wait
With a pocket full of numbers in his jeans, ooh wee

Fell victim to a d.o.g. blamed it on some henessy
He said he thought that I was a tease, ooh wee
It ain't going nowhere, can you wait for this... ooh wee

Talk is cheap, let's keep it real
He want somethin he can feel

Before he walks up out the door
Let me know if you come round here tomorrow
The way he's touchin me, alone in my telly suite
All I could think about, the fire and it's burnin now
Am I to young to feel this way? Old enough to feel this
way?
Should I let him get what he needs
It ain't going nowhere, can you wait for this... ooh wee

[Hook:]

Ain't it hard to say no, let's take it slow... when you get
close to the one you love
Ain't it hard to say no, when your all alone... that's when
you get close to the one you love
Ain't it hard to say no, don't lose control... when you get
close to the one love
It ain't going nowhere, can you wait for this... ooh wee

[Outro:]

And ooh I'm tellin you, oh this is killin me
Too, I want it just as bad as you do
Please be patient, you gon own a piece of my love?
Cause you can have it all

And ooh I'm tellin you, oh this is killin me
Too, I want it just as bad as you do

It ain't goin nowhere... can you wait for this ooh wee...

Ooh wee ooh wee ooh wee ooh wee... ooh wee ooh wee
ooh wee ooh
