wat if i lived in a mountain
surrounded by nothing but snow
my only desire is that u be my fire
to light up my life && to keep me warm
baby if i hopped on a plane
&& told the pilot "take me away"
i wonder would u still remain, oh
would u stay with me?
ohh oh even til the end of the world
ohh oh would u still want me to be ur girl
ohh oh would u be my lover
eternal lovers
even til the end of the world?

e-e-even til the end of the world
e-e-even til the end of the world
