Uh-Oh ... Oh yeah,
Unbreakable, yeah.

Started out with little things you text me
Talking on the phone till we both asleep
I just wanna spend my life with you and
Show you how to make a dream come true

I'll depend on anything you ask me
Hold you down so you can let the past sleep
Found me someone who was positive
Came along and put the hurts a miss

It's unbreakable
I'll never let it go
One thing some people can't see at all
It's unbreakable
I'm so emotional
Cause I know you'll catch me if I ever fall

It's unbreakable uh-oh (x4)
I'm never gonna let you go

Well you going high with me
Just fell on with me fall speed
You're the soldier I been waiting for
Give me everything I need therefore

I will do anything to protect your heart
Can't take you away from your favorite stuff
You're the pass for satisfaction baby

Got ya loving now your half way crazy

This how love is supposed to be together
Still together after 10 anniversary
Its forever and how long you say about me
Heres how the story ends, happily ever after (x2)

It's unbreakable
I'll never let it go
One thing some people can't see at all

It's unbreakable
I'm so emotional
Cause I know you'll catch me if I ever fall (x2)

It's unbreakable uh-oh (x4)
I'm never gonna let you go

It's unbreakable
Ill never let it go
One thing some people can't see at all
It's unbreakable
I'm so emotional
Cause I know you'll catch me if I ever fall

It's unbreakable uh-oh (x4)
I'm never gonna let you go

This how love is supposed to be together
Still together after 10 anniversary
Its forever and how long you say about me
Heres how the story ends, happily ever after (x2)
