[chorus:]

I'm liking what I see, boy  
Won't you come talk to me, and  
Come get a taste of T.K  
Let me be your fantasy  
Just let the feelings flow, and  
Ain't got nowhere to go, go  
Give me my everything, my baby boy  
That's what I need

[Verse 1:]

Pull up in the club  
Roll in deep  
Got them chickens hating  
All my fellas gazing contimplating thinkin  
Where she been all night  
I'm just here to party and have a good time  
But there he was just bobbin his head to the beat  
playin'  
Not for chasin but he got my heart racin'  
When he catchin my mind heart my body and soul  
It's outta control  
Oooh oh
