Just the other day  
i was sitting by the phone waiting for you to call  
Right then i realize  
Never deserve for you to use my love and put it on hold  
never ever thought i ever give you up but i  
gotta break the habit boy i had enough  
you know that this just went wrong  
don't you try to play it off i'm so gone  
only thing i need to know is why

i wonder why  
you never had my back now you try hard to act like  
you never lied  
when i called you a thousand times though you ain't  
around  
but now it's time  
gotta make that sudden change  
so i'm jumping in my range  
baby you can keep the change  
you can wonder why  
why the pillow on the other side is cold at night

ummm now that i'm on my way  
i can't turn back now on the road to yesterday  
i come too far right now  
i don't regret you but i'm glad i finally found my way  
(yea)  
now the has past boy you can see your mistakes  
wish it didn't take for you to lose me to change  
but thinks that's how it suppose to be  
they say when time heals everything we'll see  
only thing i need to know is why

i wonder why(why)  
you never had my back now you try hard to act like(oh  
why didn't you ever had my back baby)  
you never lied  
when i called you a thousand times though you ain't  
around(umm i called you a thousand times)  
but now it's time  
gotta make that sudden change  
so i'm jumpin in my range

baby you can keep the change  
you can wonder why (now you can wonder why)  
why the pillow is cold on the other side(why your pillow  
is cold at night babyh)

if you ever need a friend in the furture  
i do my best be there i won't hurt cha  
just leave the past where it belongs  
cause i moved on  
and i forgive you even though you did me wrong(did  
me wrong)  
if you ever need a friend in the furture(ever need a  
friend in the furture)  
i do my best to be there i won't hurt cha(umm)  
just the past where it belong  
cause i moved on  
and i forgive you even though you did me wrong(oh  
ohhh)

Chorus 2x
