Whenever you're by my side
Mmm yah, oh baby, ooh yah
Whenever you're by my side
Ooh yah, mmm baby
It's hard to hold back
'Cause the truth is I can not lie
And it's a known fact
I've had a crush on you for the longest while
I can't explain the feelings I get whenever you are near
And it's your love I'll never forget
So stay close to me don't you disappear
Whenever you're by my side
Everything seems so right
What did I do to deserve this love
Feelings I keep inside
Your love I can't deny
I'll cherish your heart forever and ever, more
Whenever you're by my side, whenever you're by my
side
I can't get enough
You made me open my eyes to a brand new love
Now it's so clear to see
You're the angel that's sent down to rescue me, oh-ho
I won't hold back, I will not fight
If you should call anytime in the night
I'll come running back to be...
Close to you, close to me
Whenever you're by my side
Everything seems so right
What did I do to deserve this love
Feelings I keep inside
Your love I can't deny
I'll cherish your heart forever and ever, more
Whenever you're by my side, whenever you're by my
side
I feel the light and the warmth of the sun coming down
And I know it's right being here with you...
Makes me feel alright
'Cause I can't get enough of your love

'Cause I can't get enough of your love, oh-ho
Whenever you're by my side
Everything seems so right
What did I do to deserve this love
Feelings I keep inside
Your love I can't deny
I'll cherish your heart forever and ever, oh-ho
Whenever you're by my side
Everything seems so right
What did I do to deserve this love
Feelings I keep inside
Your love I can't deny
I'll cherish your heart, whenever you're by my side
Ooo-yah
Whenever you're by my side
Mmm baby, oh-yah
Whenever you're by my side
