I am waiting.  
But i find myself looking.  
I'm sick of myself.  
I'm so lonely, i just found out.  
Sometimes i can't control these tears.  
Everything is falling down on me.  
I feel so cold.  
And it's all my fault.  
So this is how the guilt feels.  
It can break you down to peices.  
So this is how the guilt feels.  
It can break you down.  
Break you down.  
Break you down.  
I am waiting.  
But i find myself looking.  
I'm sick of myself.  
I'm so lonely, i just found out.  
Sometimes i can't control these tears.  
Everything is falling down on me.  
I feel so cold.  
And it's all my fault.  
So this is how the guilt feels.  
It can break you down to peices.  
So this is how the guilt feels.  
It can break you down.  
Break you down.  
Break you down.  
Break you down.  
Break you down.
