it was saturday and i'm waiting for my friends and then
you came and you dazzled me with the way you walk
near me then i thought i would approach you but it
makes no sense because you're with your boyfriend
and i know i can never skate the way he does growls
the way he growls the way he dress so cool and i know i
can never be the same like him cool like him but that's
just me i was playing my guitar when you passed by my
body got so heavy, i cant move my fingers and then
you sat in front of me you could see me shiver i feel
you're staring at me i'm a little older, but then i feel so
young and even if your boyfriend kicks my ass its
alright i see you
