My Farewell

now i know i should go she left me, left me here im lost without you, you ended this day the day i wished that never came, im lost without you

let this paper be my ticket a oneway ride to nowhere for i have no word, this is my goodbye im lost without you, you ended this day the day i wished that never came, im lost without you im lost without you, you ended this day! the day i wished that never came, im lost without you!

without you!without you!without you oh!
