Turn off the lights
You don't want to
See me this way, beat and broken

Pick up the pieces
In the morning
So turn off the lights

I'm sure you know what I've been through

You're just making it worse
Go and take your sympathy with you
I don't need it, I never did
I can make it on my own
Just cut your helping hand

I've got to pull myself together
My days are turning in
My life is like a candle
Burning and melting away
Burning and melting away

You're just making it worse
Go and take your sympathy with you
I don't need it, I never did
And I can make it on my own
Just cut your helping hand

Burning and melting away!
Burning and melting away!

You're just making it worse
Go and take your sympathy with you
I don't need it, I don't need it
And I can make it on my own
Just cut your helping hand

Take your sympathy with you
Take your sympathy with you
Take your sympathy with you
Take your sympathy with you

Go and take your sympathy with you (I'm sure you
know)
Take your sympathy with you
Go and take your sympathy with you (I'm sure you
know)
Take your sympathy with you
