[Chorus]

Baby you got me  
I can't take no more  
But you got a hold on me  
Oo baby, you make me lose control

[Verse 1]

Baby when I seen ya  
I couldn't help but stare  
Perfection so hard to find  
But baby you're almost

[Hook]

You know if looks could kill  
You would be on the run  
You are the one for me  
I'm sure  
And I know there's plenty girls  
That try to get at you  
So I gotta beat them to it  
Cuz I want you more  
Don't you know that

[Chorus]

Baby you got me  
I can't take no more  
But you got a hold on me  
Oo baby, you make me lose control

[Verse 2]

Hands down  
It's so obvious  
We fit so perfectly  
In addition to your sexiness  
You bring out the best in me

[Hook]

You know if looks could kill  
You would be on the run  
You are the one for me  
I'm sure  
And I know there's plenty girls  
That try to get at you

So I gotta beat them to it  
Cuz I want you more  
Don't you know that

[Chorus]  
Baby you got me  
I can't take no more  
But you got a hold on me  
Oo baby, you make me lose control

[Hook]  
You know if looks could kill  
You would be on the run  
You are the one for me  
I'm sure  
And I know there's plenty girls  
That try to get at you  
So I gotta beat them to it  
Cuz I want you more  
Don't you know that

[Chorus]  
Baby you got me  
I can't take no more  
But you got a hold on me  
Oo baby, you make me lose control
