Never Knew How Much That I Loved You
Never Knew Much I Wanted You
Never Knew That Heart Would Beat More 4 Ya
I really think its a sign that I really love ya

Never knew that the sun would shine brighter
Never knew your expression would take me higher
Never knew that I would feel this way
But since I discovered it today, hey

I gotta be
I wanna be
I need to be
Lemme be your girl
Lemme be your girl

Be my boo and
I'll love you
This is true
Lemme be your girl
Lemme be your girl
Oh Oh

(Lemme Be) Your Girl
(I Gotta Be)Your Girl
Cuz i love you

I'll be there 2 the end
I wanna be more than yo friend
Yo Girl
Lemme Be yo girl
I gotta be yo girl

This feeling I get inside
Take me for a ride
(In the world of true love)
And I dont even feel the same
This aint no silly game
(I can't help the way I feel for you)
You Oh

Please listen
To me
Baby baby
I want you to be mine

===Chorus===

(Oh)This is true
(Oh, Oh) Im in love with you
(Oh Oh)I cant explain myself

Please feel the same way
Be my baby
Cuz this feeling is deep

I wanna be
oh oh
Lemme be
Baby Oh Oh Oh

===Chorus===(2x)

I'll be there to the end
I wanna be more than yo friend
Your girl
Lemme be your girl
Lemme be your girl
