When the sentences start to fall  
down my back they'd like to crawl  
I don't care who's wrong or right,  
I don't want us here to fight I just wanna make it sure,  
I don't want to be your whore

I tried to reach you, tried to touch you,  
I tried to reach you

Now we finally have reached  
a state that others'd call complete  
I don't care who's wrong or right...  
I tried to reach you, tried to touch you,  
I tried to reach you

ladideidideideida...  
I don't care who's wrong or right...

I tried to reach you, tried to touch you,  
I tried to reach you
