

Maccabees, The "Can You Give It?"

Visit "[Can You Give It?](#)" on MotoLyrics.com

One last push with all the strength of us all
Under one great shadow floorshow
Take the strain for us all

Can you give it
Can you give it
Can you give it
Can you give it
Can you give it

One last pull to tight the slack of before
Slow rolling bolder, rock, stone, pebble
Grit, sand, dust, grain, speck of it all

Can you give it
Can you give it
Can you give it
Can you give it
Can you give it

Bolt hold, tape together
Concrete, to another
Bind tight, and deliver
Hold fast, hold fast, hold fast

Can you give it
Can you give it
Can you give it
Can you give it
Can you give it
