Better
Get another coal on the fake fire cover on the wet tiles
On the wet tiles
Better
Run it out of town that thought will cost you more than
just a sweet smile
To a sweet smile

And I will love you better
I will love you better
I will love you better
I will love you better
I will love you better (x2)

Then we
Learn to love better so the words you leave me on my
pillow read better
Cheap card forever
Then we
Can pull it apart and in time you see it's going better
than ever
It's going better than ever hard fought, safe guard in
your bedclothes

I will love you better
I will love you better
I will love you better
I will love you better
I will love you better (x2)

And I thought and I thought and I thought of you
I thought we'd be doing the faithful few together,
together
And I'd thought that you might feel the same
With your insect skin and the lion's mane
And be new
To be new

And I thought of you, it was crystal clear,
I could warn myself or be new dear
And be new, to be new

To be new
