

Maccabees, The "Sore Throat"

Visit "[Sore Throat](#)" on MotoLyrics.com

Sore throat in the morning
Sore throats at night
I've still got a sore throat from all the shouting in our
last fight

C-c-c-c-c cat fight! (x4)

Fat lip in the morning
And a fat lip at night
I've still got a fat lip from the punches thrown in our

C-c-c-c-c cat fight! (x4)

Oh oh oh oh oh oh
oh oooh
Oh oh oh oh oh oh
oh ho

I felt for her again (x4)

She fell and I'm thinking she might share my name

Scatched up in the morning
Scatched up at night
I've still got scars from the scratches you gave to me
and kept in our

Cat fight!
