I'll be right here, holding on to you  
When you need a shoulder to cry on  
I'll be right here, holding on to you, baby  
When all of your friends are gone

When old man trouble call  
Then we can just laugh it off  
There'll be no need in running for cover  
Cause, baby, we will have each other

Oh, I'll be right here  
Holding on to to you, baby  
When your little heart is in doubt  
I'll be right here, holding on to you, baby  
When you're feeling down and out

When things seems to get a little rough  
And the going seems to get too tough  
Baby, don't change your way  
Cause you will have a love for days

Oh, yes, I will, yes, I will  
I'll be right here, baby

When old man trouble call  
Then we can just laugh it off  
There'll be no need in running for cover  
Cause, baby, we will have each other

Oh, baby, baby, baby  
I love you so much, baby  
I'll be right here

You don't have to  
Worry bout it no more, baby  
All you got to do is lean  
On old T.D., baby...
