Every day at the same time on the corner of 3rd of
main
I take my place against the corner shop window waitin
for the scene to change

The first time I saw her
Everything started to spin
So back on up boy and hold on tight cause here she
comes again

Watchin my world walk by
What I wouldn't give to have her by my side
Watchin my world
My world walk by

She's got eyes like a Sunday in Paris
Legs like a midnight in Rome
Smile as warm as the California sun
Setting on a seaside town

Watchin my world walk by
What I wouldn't give to have her by my side
Watchin my world
My world walking by

Hey hey hey hey
One of these days
I'm gonna step out and stand in her way
And hope that maybe she'll notice me
But tonight I'm gonna watch and wait and see

Watchin my world walk by
What I wouldn't give to have her by my side
Watchin my world
My world walking by

Oh and down this street
I believe she'll be next to me
You'll be watchin me and my world walk by

Hey hey hey hey yeah yeah
