"Beyond Time"

Throughout endless ages of time
The wandering souls
Searching for what can't be seen

Secrets of realms beyond time
Finding their place
Cosmic journey

(Chorus)
Shine like an endless sun
As the truth will reveal
From the fires of justice we rise
Spread your wings and fly
Leaving sorrow behind
You have found all the answers so shine

Evil will soon be no more
Souls will find peace
Justice prevails in the end

Spirits once lost now return
To where they began
Life eternal

(Chorus)
