D A P's to the Y  
Nah Nah Frickin'  
And this is for my DAD!!  
Uncle B  
Yeah, i don't mean to bore, you know my name  
Chill for a second, just hear my pain  
If you've lost any loved ones you'll feel what i'm saying  
All was peaceful, down here with the lane

When someone you loved, who put you up from the  
start  
Built you up and made you into who you are  
Who always believed, saying that you'll be a star  
Then all of a sudden they just passed

Dash the reaper from ontop of ma wardrobe  
Slap den crack, from side of the mouth  
Put me on stage infront of a crowd  
Now we're picking up awards whle he's under the  
ground

My Daddy this and my Daddy that  
Well i found mine dead on a couch in ma flat  
So much to say, i wish i coulda said bye  
The only time i'll talk to him is when i look into the sky

Faze: YEAH!!

CHORUS!!!:

All i've got is these pictures of ya  
And your light blue crack down Nokia  
Things in my house still smell of ya  
All i wanna say is:

Papa if you can hear me...!!  
I regret every bad thing that i saaid  
Please forgive me if you hear me...  
Never knew how much i loved ya till you was dead...!!

Papa if you can hear me...

Dappy: If only youuu, knew what you went and done  
Please forgive me if you hear me...  
Dappy: See all i know is, i'm proud to be your Son  
Papa if you can hear me...

Faze: We're getting away in the world, it's how i'm  
flowing with N-Dubz  
If it wasn't for you B there wouldn't be N-Dubz  
Kept us together never knowing we'd end up  
Moving onto Mobo's pushing the bench up  
You pushed and pushed when no-one wanted to  
believe  
but back then it was all a dream

It's like you sacrificed your life  
For the love of success and a life full of stress  
I'm vexed cuz

First they love you, second they hate you  
They talked about you, when they tried to play you  
Behind your back they were tryna betray you  
But B, i never had a chance to repay you  
for the things you done for me  
Put me on the right path, kept me from steering left  
Yeah we had a right laugh  
But i be feeling like Bruce Willis, each and everyday i  
really wanna Die Hard

CHORUS!!:

All i've got is these pictures of ya  
And your light blue crack down Nokia  
Things in my house still smell of ya  
All i wanna say is:

Papa if you can hear me...!!  
I regret every bad thing that i saaid  
Please forgive me if you hear me...!!  
Never knew how much i loved ya till you was dead...!!

Tulisa: If only youuu  
Dappy: Papa if you can hear me...!!  
Dappy: If only youuu, knew what you went and done  
Tulisa: Please forgive me if you hear me...!!  
Dappy: Please forgive me if you hear me...!!  
Dappy: See all i know is, i'm proud to be your Son  
Papa if you can hear me...!!

Tulisa: I never ever hear what you said  
The fights and the laughter  
The success and disasters, No!

But nothing seems clearer..  
Than the day you were gone..

You said, despite all the stress  
You haveta fight to the death  
Coz little girl your a star  
Don't let em kill who you are...

You see you gave me a chance  
And now look where i am  
You are the reason, i can't wait to see you again...

CHORUS!!!:

All i've got is these pictures of ya  
And your light blue crack down Nokia  
Things in my house still smell of ya  
All i wanna say is:

Papa if you can hear me...!!  
I regret every bad thing that i saaid  
Please forgive me if you hear me...!!  
Never knew how much i loved ya till you was dead...!!

Tulisa: If only youuu  
Dappy: Papa if you can hear me...!!  
Dappy: If only youuu, knew what you went and done  
Dappy: Please forgive me if you hear me...!!  
Tulisa: See all i know is, i'm proud to be your Son  
Dappy: See all i know is, i'm proud to be your Son  
Papa if you can hear me...!!

(All doing backing vocals on the last chorus)
