"Sun Damnation"

i can speak of evil
you can dream of dead
she can bring on damnation
we are filled up with lead
i can stay the sam
but have the way i can change
we are built to destroy
built to rearrange
you know there is nothing left
i see there is nothing inside
she can sing of damnation
we are filled up with lies
i can stare at you
without having fun
can't face the truth
without facing the sun
damnation
lost in the city of headache
i wake you up to lose
just break some backbone
only one you can choose
i am on the trail of dead
you are on the way of drain
set this house on fire
sit in house of pain
like a junkie in deathrow
like the sharpest
knife
through the city of skin
labyrinth of your life
i can stare at you
without pointing the gun
i can't face the truth
without facing the sun
damnation
first
i am dying first
thirst
we are dying of thirst
fire down the drying nation
damn that fucking sun damnation

damn that sun
