Life happens so fast  
I'm tracking the signs  
Facing the giants  
All roads that I go  
Longing for somewhere  
With you by my side

I leave all the shadows  
Don't wanna get one  
Awakening in a storm  
Which lets me see lights  
Waiting for somewhere  
With you by my side

They say there is a sun  
That always brings you the light  
Baby I wanna arrive, baby I wanna arrive

They say what you think  
Is what you attract in life  
Baby I wanna arrive, Baby I wanna arrive  
Here, here comes the sun

Rehearse your future  
Just visualize  
'Cuz all that we are is  
What we have thought  
Waiting for someone  
Waiting for love

Don't feel scared  
Troubled or down  
Cause no one gave us  
The book how to walk  
Waiting for joyrides  
Waiting for crowns

They say there is a sun  
That always brings you the light  
Baby I wanna arrive, Baby I wanna arrive

They say what you think  
It's what you attract in life  
Baby I wanna arrive, Baby I wanna arrive  
Here, here comes the sun
