I try to talk to Aliens  
They seem to ignore me  
Instead I speak to my dogs & cats

They see me a little worried  
Bored, uninterested  
So take me out for a walk

Hang on a minute  
Let me grab my sneakers  
Let me grab my spirit and go away

Give me something to run a long time  
Give me something to inspire my bark  
Give me something to fly away, yeah  
Give me something to lift me off  
Give me something I'd die for  
Give me something for my world, K9

The more I know about men  
The more I like dogs  
I bet you sometimes feel the same

Fighting is so human  
Forgiving, so canine  
We've got a lot, a lot to learn

Get ready for round 2  
Hold on to your leashes  
Put together our spirits and go away

Give me something to run a long time  
Give me something to inspire my bark  
Give me something to fly away, yeah  
Give me something to lift me off  
Give me something I'd die for  
Give me something for my world, K9

Give me something for my pack  
Give me something for my pals K9  
Give me something for my ride

Give me something for my dogs K9  
You must defend them all  
You must defend the love K9  
Take it, take it, take the ride  
You must give them your love  
You must feel the love, K9  
Join us  
You're gonna feel the love K9
