Rock you all around
Rock you now
Rock you all around
Rock will rock
Rock you all around
Rock you now
Rock you all around

We are so outraged
Seeing how you mismanage the world
We have to speak up
You think all is under control
We feel nonconformity
On how this system works
It must be changed, it must be us

We have only art
To realize that we are alive
We really see the problems
Someone has to be in charge
We think and keep thinking
Even more you know
Because we are persons
Not companies to own

Rock you all around
Rock you now

Rock you all around
Rock will rock
Rock you all around
Rock you now
Rock you all around

We are tired to be treated
Like damn goods, being played & cheated
Too tired to be seen
As hippies, lazy, slackers, thieves
We are not this system
Cause the system is not us
Because we are humans

We're not part of Huxley's work

Rock you all around
Rock you now
Rock you all around
Rock will rock
Rock you all around
Rock you now
Rock you all around the world

We say the truth, all truth through art
We're not too weak to stand our ground
We wanna be, just wanna be free
We wanna live, just wanna live
