All the walls just fall away
Feeling stronger every day
I can see it in your eyes
When you laugh when you cry

This is more than summer wind
This is nowhere I have been
You have made me unafraid
Just to stay

If all I heard was your promise
And all you felt was my touch
If all we had was each other
We'd have enough, enough

All the drifting wounded hearts
Wish for love on distant stars
I was lost so many years
Now I'm found 'cause you are here

So just look at me again
'Cause now you're my everything
I could never ask for more
So it's enough, yeah it's enough

If all I heard was your promise
And all you felt was my touch
If all we had was each other
We'd have enough, enough

I've been holding on for so long
To all these static dreams
But now I know I can let 'em go
I don't need anything

If all I heard was your promise
And all you felt was my touch
If all we had was each other
We'd have enough
If all I heard was your promise
And all you felt was my touch
If all we had was each other

We'd have enough

If all we had was each other
We'd have enough, enough

Oh, it's enough
Yeah it's enough
