Lay down underneath the starry sky with me
Lets let out all our inhibitions run free
Look up at the milkyway and make believe
We can really see
Everything thats in the sky
Stars, and birds, and planes that fly
And all the broken dreams
All the broken dreams

Hold on
Hold on to me
Hold me close and hold me near
Breathe assurance in my ear
Hold on
Hold on to me
When you hold me I believe
That maybe love is all I need
Hold on

Every passing night
Becomes a passing day
Life just keeps slipping away
And time is like a sinner that will never change
It cannot be saved
the only thing I know for sure
Is you are mine and I am yours
So come on over here
Just come on over here

Hold on
Hold on to me
Hold me close and hold me near
Breathe assurance in my ear
Hold on
Hold on to me
When you hold me I believe
That maybe love is all I need
Hold on

Hold on
Hold on to me
Hold me close and hold me near

Breathe assurance in my ear
Hold on
Hold on to me
Bring my head upon your chest
Here my soul can truly rest

Hold on
Hold on to me
When you hold me I believe
That maybe love is all I need
Hold on

Just hold on to me
hold on, hold on, hold on
