She watches the sunset slip out of sight
She points to the lilacs in bloom
Her eyes filled with wonder
And my eyes they do the same
Just looking at her face

Now how did I get here?
What have I done to deserve this?
I have been showered by grace
It's a beautiful night
It's a glorious day
When I'm looking at her face

I'm closing the curtains
To keep the night in
The morning is coming too soon
She is still sleeping
And I
I'm still awake
Just looking at her face

Now how did I get here?
What have I done to deserve this?
I have been showered by grace
It's a beautiful night
It's a glorious day

More than just beauty
The something inside
I see in her face
Shines in her eyes
All that I want
For the rest of my life
Every night that I sleep
Every morning I wake
Is to be looking at her face

Now how did I get here?
What have I done to deserve this?
I have been showered by grace
It's a beautiful night
It's a glorious day

When I'm looking at her face
It's a beautiful night
It's a glorious day
When I'm looking at her face
It's a beautiful night
It's a glorious day
When I'm looking at her face
