He was headed straight for the big time
He was going all the way
There was never even a moment
That he didn't think he'd get there one day

She was always right there beside him
She loved him with all of her heart
He was the one she believed in
Yeah, he was a shining star

But somewhere in the mix
He started to forget
That she needed him to love her
Exit the bliss, sealed with a kiss
She left him a letter

She's leavin', she's leavin', she's leavin'
He cannot believe it
But she's leavin'...
Believe it

He knew that he took her for granted
He knew that he wanted her back
So now he wants to prove that he loves her
And show her where his heart is at

But sometimes we change when it's too late
Sometimes there's no second chance
We're left with regret and our heartache
Alone in the aftermath
She has moved on, his power is gone
There's nothin' that he can do

She's leavin', she's leavin', she's leavin'
He cannot believe it
But she's leavin'...
Believe it

He knows he deserves it, deserves it
He deserves it
And now that she is leavin'
He believes it, believes it

Please don't leave
You have to stay
Don't you go away
Don't you go away
She's leavin'
Don't you go
Don't you go

She's moved on, his power is gone

She's leavin', she's leavin', she's leavin'
He cannot believe it
But she's leavin'...
So believe it

When you take her for granted
You deserve it, you deserve it
One day she will leave you
So believe it
She'll leave you

She's out of your life
Out of your life
She's leavin', leavin'
