People get ready  
There's something in the air  
Creeping in slow so we don't even notice  
Brothers and sisters beware

People get ready  
Open up your eyes  
Hatred and violence, millions fall silent  
We don't even hear their cries

Its time to love one another, were sisters and brothers  
What are we fighting for?  
Too many backs that are breaking, lives being taken  
What are we killing for?  
I think it's time for forgiveness, to rise up and end this  
What are we waiting for?  
Love teach us the way, to overcome hate  
And weapons of war

People get ready  
What's your loaded gun?  
Silent indifference  
Hunger for vengeance  
Or words from a wicked tongue

People get ready  
Only you can choose  
What you will do  
When it comes down to you  
No one else can walk in your shoes

It's time to love one another, we're sisters and brothers  
What are we fighting for?  
Too many backs that are breaking, lives being taken  
What are we killing for?  
I think it's time for forgiveness, to rise up and end this  
What are we waiting for?  
Love teach us the way, to overcome hate  
And weapons of war

Oh my Lord  
I have a dream

Oh my Lord  
One day we'll see  
Oh my Lord  
All men be free  
Oh my Lord  
I still believe

People let's love one another, we're sisters and  
brothers  
What are we fighting for?  
Too many backs that are breaking, lives being taken  
What are we killing for?  
I think it's time for forgiveness, to rise up and end this  
What are we waiting for?  
Love teach us the way, to overcome hate  
It's time to love one another, we're sisters and brothers  
What are we fighting for?  
Too many backs that are breaking, lives being taken  
What are we killing for?  
I think it's time for forgiveness, to rise up and end this  
What are we waiting for?  
Love teach us the way, to overcome hate
