When all is said and done
And I'm looking back upon this race I've run
And when my heart gives in
I know you'll be beside me precious friend
It's just the same from the beginning to the end
When all is said and done

And if I lose my way
And I wander down this open road for days
And if the sun should fall
And the dancing we once did becomes a crawl
Let the memories move like shadows on the wall
If I lose my way

When I'm coming home
And I walk across the bridge of death alone
I will fix my eyes on the one who's waiting at the other
side
It's my old friend with countless others there beside
When I'm coming home
When I'm coming home

When all is said and done
And I'm looking back upon this race I've run
And when my heart gives in
I know you'll be beside me precious friend
It's just the same from the beginning to the end
When all is said and done
When all is said and done
