Will you like to watch the sunrise?  
Will you have blue or brown eyes?  
What are the dreams you long to share  
I hope you like Stevie Wonder  
Are you afraid of thunder?  
I close my eyes and say a prayer you're out there  
somewhere

I've been waiting all of my life for you  
I've been wishing on every shining star  
I've been watching out of my window  
Wondering where you are  
Wondering where you are

My heart's my only treasure  
Been saving it for your pleasure  
Can't wait to give my heart to you  
We'll walk this road together  
That leads us to forever  
I close my eyes and say a prayer you're out there  
somewhere

I've been waiting all of my life for you  
I've been wishing on every shining star  
I've been watching out of my window  
Wondering where you are  
Wondering where you are

Too many nights alone  
And this house won't be a home  
Until I'm with you

And I've been waiting all of my life for you  
I've been wishing on every shining star

I've been waiting all of my life for you  
I've been wishing on every shining star  
I've been watching out of my window  
Wondering where you are  
Wondering where you are  
Wondering where you are  
Wondering where you are

I'm wondering where you are  
Wondering where you are  
I'm wondering where you are  
Wondering where you are
