My angel, hello
I've missed you so long
Is this fiction?
Is it real?
Things aren't quite what they seem in here
Yeah

Yeah, something wicked,
Something I've never seen before,
Yeah, Lost in your soul
Yeah, something wicked,
Never felt this way before
Yeah, lost in your soul, and you'll never know

Twisted machines, tangled my dreams
Hey angel, did you know?
I tried to re-explore you but you're gone
Yeah

Yeah, something wicked,
Something I've never seen before,
Yeah, Lost in your soul
Yeah, something wicked,
Never felt this way before
Yeah, lost in your soul, and you'll never know

The way it hurts to miss
A passion and a kiss don't even exist to you
There's something in the way
Push me in the flames and you will never know

Yeah, something wicked,
Something I've never seen before,
Yeah, Lost in your soul
Yeah, something wicked,
Never felt this way before
Yeah, lost in your soul, and you'll never know

Sound the wicked, Sound the wicked
Sound the wicked, and you will never know
