I never believed in dreaming
It never got me very far
I never believed that love could find me
Like an arrow through the heart
I never believed in miracles
Or building castles in the air
Not until that day I found you
Turned around and you were there
From the day you came
You gave me a whole new point of view
I've been touched by an angel
It's impossible but true
I believe in you
I swear that forever from today
No one will ever take your place
I believe in you
(I believe in you - oh yeah)
And I believe our love will last
Always (Oh yeah)
I never believed in fairytales
Though sometimes I wish I could

I never believed that golden slippers
Could ever find the perfect foot
I never believed in magic
Or that wishes could come true
But your very first kiss
Changed all this
Something only you could do - yeah
You made me a believer
You made me trust again
You showed me there's a pot of gold
In every rainbow's end
I believe in you (I believe in you)
I swear that forever from today
No one will ever take your place
(No, no, no, no no)
I believe in you (I believe in you)
And I believe our love will last
Always (Always yeah)
Only love (Only love)
Sets you free
And if it's up to fate
Then you're my destiny (Yeah)
Now I know (Now I know)
Now I see
Anything can happen (Anything)

If you just believe

I believe in you (I believe in you, baby)

(I believe in you, baby)

I swear to forever from today

(Forever) - (Forever)

No one will ever take your place

(No one's gonna take your place)

I believe in you

(I believe in you, baby) - (I believe in you)

And I believe our love will last

(Believe our love will last) - (Will last)

Always (Oh ohhh)

I believe in you (I believe in you)

I swear to forever from today

(I swear - I swear) - (Forever)

No one will ever take your place

(No one's gonna take your place)

I believe in you

(I believe - I believe in you)

And I believe our love will last

(Is gonna last - is gonna last - is gonna last)

Always (Oh ohhh)

I believe in you (I believe in you, baby)

(I believe in you) - (Believe yeah)

I swear to forever from today

(Forever) - (Forever)

No one will ever take your place

(No one's gonna take your place)

I believe in you

(I believe) - (I believe)

(Can you believe) - (Can you believe)

And I believe our love will last

Always
