I hear a silent whisper going through my mind  
Ever since you said goodbye  
I never dreamed that love could hurt this way  
Until the day you took my heart away  
You just don't know what I am going through  
You left me all alone  
How could you be so cruel

Chorus:

Girl you hear me crying  
For you my heart is dying  
What do I have to do  
To prove my love is true  
Girl you hear me crying  
But can't you see I'm trying  
To mend this broken heart  
It's still in love with you

I feel so all alone without you by my side  
Now the days go slowly by  
I try to tell myself its over now  
I got to get you off my mind somehow  
But if these broken dreams just fade away  
You weren't here, my love for you will always stay

Chorus (2x)
